

An App that recommends traditional indian receipies

# Problem Statement

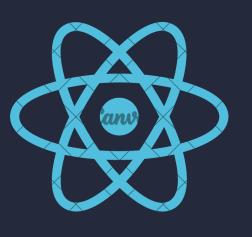

- Lack of Nutritional Food
- Lack of Knowledge of Traditional culture
- Health a concerning factor

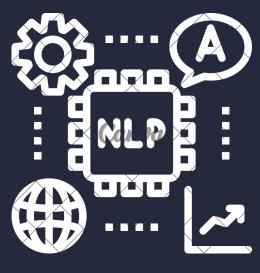

## Tech Stack

- Frontend: React Native, Expo
- Backend : Django, Python
- ML Methods : NLP, Cosine Similarity
- Dataset : Kaggle

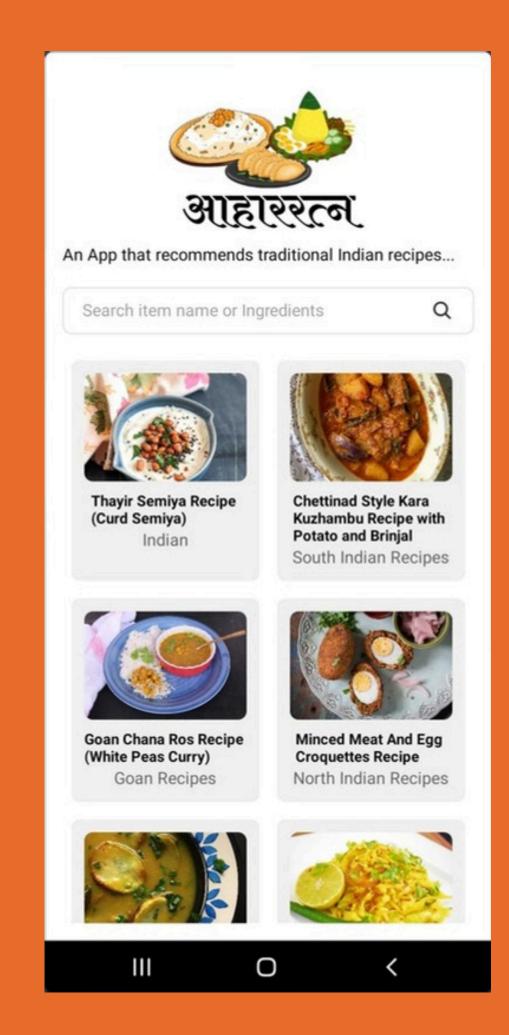

### Our Solution

- Varitey of Traditional Foodsure
- Personalized Recommendation

# Puran Poli Recipe | Gujarati & Maharastrian | Sweet Spiced Stuffed Paratha With Jaggery

Vegetarian

#Gujarati Recipes

### Description

Puran Poli is also called as Vedhmi in Gujarat; Puran Poli is one of the favorites with my family. Come every special occasion or a festival Puran Poli features in the menu along another family favorite Undhiyu. Though puran poli is sweet dish; many Gujarati families have them along with the vegetables as an alternative to other flat breads.

### Ingredients

- Ingredients for the dough
- · 2 cups Whole Wheat Flour

# Thank You
